

FUEL JUELS
TIME RELEASED FUEL TREATMENT

- Helps restore fuel mileage up to 7%.
- Increases compression.
- Boosts octane.
- Lubricates.
- Removes water.
- Lasts up to 6,000 miles (approximately 12 tankfuls).
- Fights ethanol problems.
- 2-stage cleaning.

ENGINE MAX
ENGINE TREATMENT AND OIL STABILIZER

- Reduces wear by 50% - 90%, as shown by oil analysis.
- Uses a heavy molecular weight PTFE making it more durable.
- Chemically inert - does not react to other chemicals.
- Formulated bonding agents designed to fuse to engine's friction surfaces.
- Sub-micron particle (starting at .05 microns) formula to better fuse to the metal asperities.
- Our PTFE is unique in that friction decreases exponentially as load and/or pressure increases.

REFRESH AC AUTO
AUTOMOTIVE A/C REFRIGERATION TREATMENT OPTIMIZER

- Eliminates and Prevents Oil Fouling
- Increases Refrigerant Flow
- Increases Heat Transfer
- Improves Pool Boiling
- Cleans and coats friction bearing surfaces
- Colder Air and Increased Comfort
- Faster Cabin Cool Down
- Reduced Fuel Use
- Quieter Compressor Operation
- Extended Compressor Life
- Reduced Environmental Impact

POWER STEERING FLUID

- Restores secure, quiet, and smooth steering.
- Helps condition seals and o-rings.
- Protects against foaming and clogging.
- Reduces cost of repairs.
- Protects against wear, oxidation, & corrosion.
- Helps remove wear metals, debris, and contaminants.

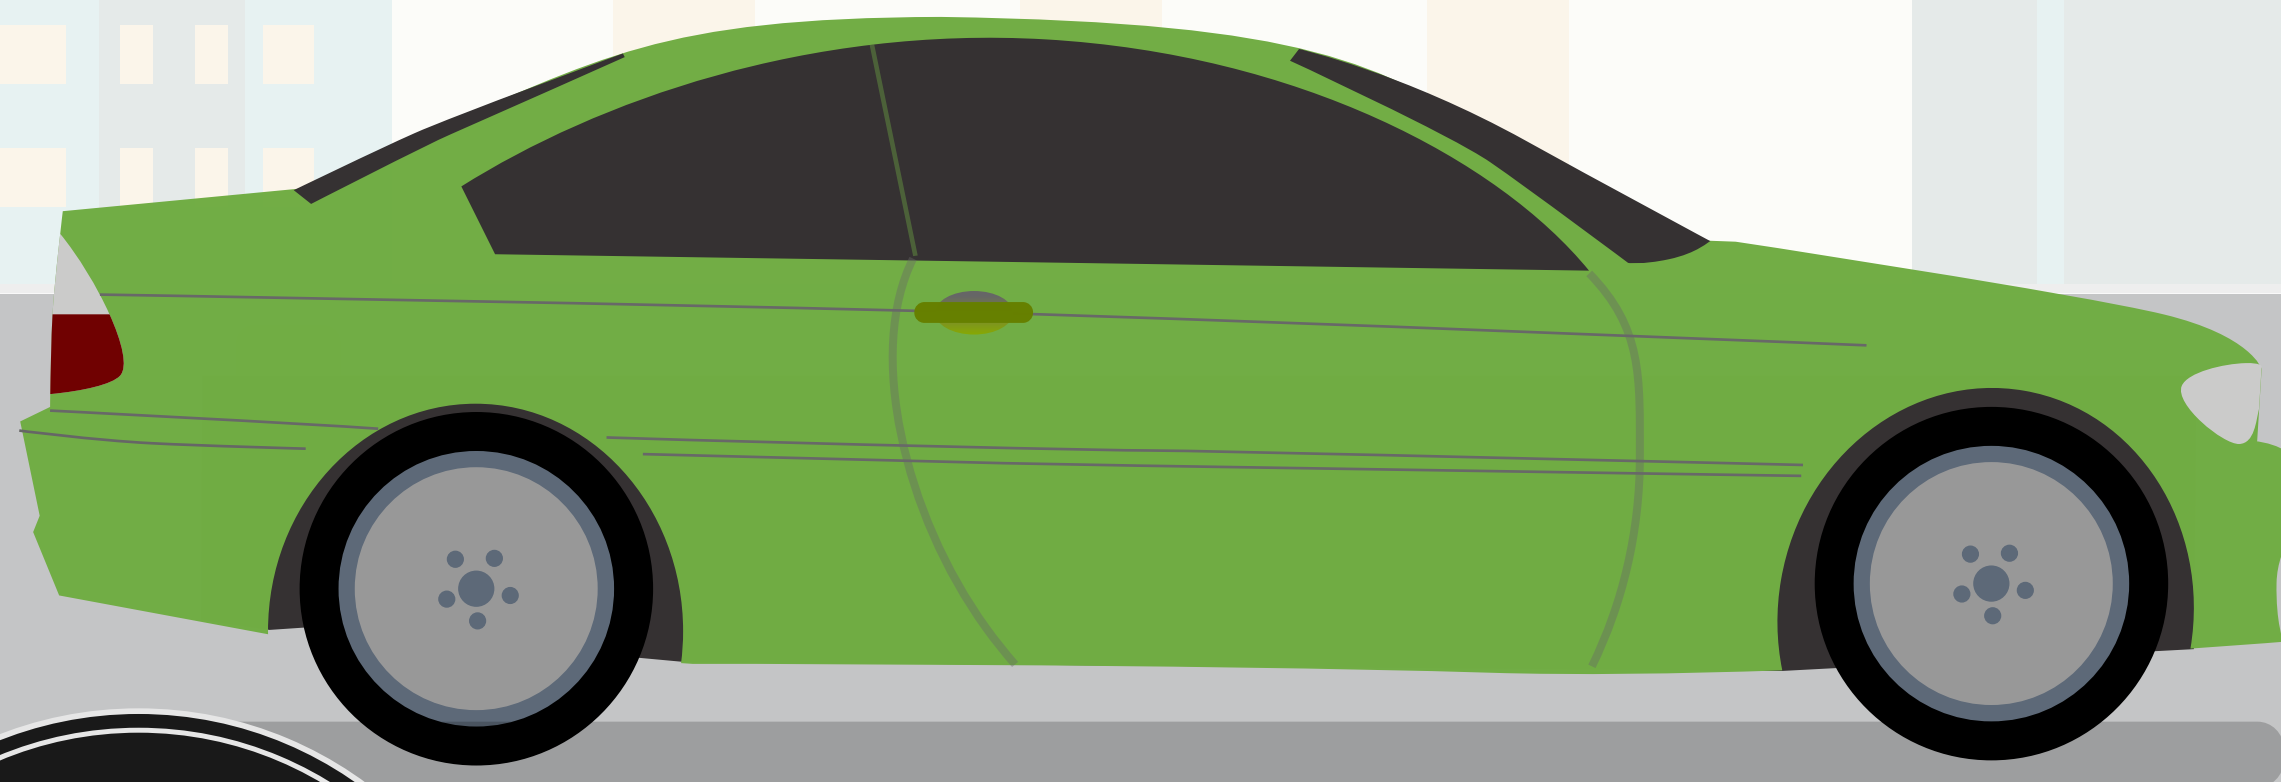

SYNTHETIC POWER STEERING FLUID

- Superior performance in power steering systems.
- High & low temperature performance.
- Helps remove wear metals, debris, and contaminants.
- Excellent shear stability.
- Restores secure, quiet, and smooth steering.
- Reduces cost of repairs.

ECO VALVE
ELEVATION COMPENSATOR

- Reduces fuel consumption by allowing the "bypass" entry of air into the engine, producing a reduction in the drag of gasoline
- Reduces environmental pollution by dosing an adequate proportion of air into the engine to produce optimum combustion thereby lowering PPM emissions
- Reduces the physical consumption of engine oil by 40%
- Recovers Engine Power
- Reduces engine knocking

AUTO PACKAGE
